

DESCRIPTION

Stone Age Ecohecht is a water-based polymer primer. Ecohecht is easy to apply and specially developed for cementitious end products with grit for extra adhesion.

APPLICATION SCOPE

Stone Age Ecohecht is specially developed for preparing, maintaining, sealing and optimising the density and adhesion of both absorbent and non-absorbent substrates.

WAY OF APPLICATION

Before Stone Age Ecohecht can be applied, the substrate must be dry, solid and free from dust and solvents. In case of (strongly) absorbent substrates, Ecohecht can be diluted with up to 15 % water. Apply an even layer with a short or long-pile roller. Avoid streaks during application.

CONSUMPTION

Ca. 100 gram per m², depending on the substrate and tools used.

PRESENTATION

Stone Age Ecohecht is available in 1 and 5 kg, ready to use.

STORAGE

Can be kept for up to 12 months after the production date, provided Stone Age Ecohecht is stored in an original and closed packaging between 5 °C and 20 °C and not exposed to the elements and/or moisture.

TECHNICAL DATA

Drying time	+/- 1-2 uur (hand-dry)
Frost resistance	Good
Overpaintable	12 hours after application
Saponification resistance	Good
Recommended application thickness	50 µm

DISCLAIMER

This information, and in particular recommendations regarding the use of Stone Age products, is provided to the best of our ability and based on our current knowledge and experience. This information is valid for products properly stored, handled and used under normal conditions as recommended by Stone Age.

Differences in materials, substrates and actual site conditions are such that no warranty of merchantability, fitness for a particular purpose and/or any liability, nor any (written) recommendation can be derived from this information.

The user of the products should check the suitability of the products for the intended application and purpose. Stone Age reserves the right to change the properties of its products at any time.

The property rights of third parties must be respected. All accepted orders are subject to our current terms and conditions of sale and delivery. Users should always refer to the most recent version of the technical data sheet of the respective product. Copies can be sent on request.

ADDITIONAL HEALTH AND SAFETY INFORMATION

For information and advice on the safe handling, storage and disposal of Stone Age Ecohecht, users of this product should refer to the most recent Material Safety Data Sheet regarding physical, ecological, toxicological and other safety-related data. A copy of this Material Safety Data Sheet can be sent upon request.
